## Founder & CEO

”

In a word being an entrepreneur in my sense means: A life sentence. But I mean it in the exact opposite way – that is to say, being able to decide freely all lifelong and thereby bringing my entrepreneurial ideas to life. That began in my youthful years with the foundation of my very first company and is set to accompany me through to old age. As it happens, I'm anything but a typical publisher who is utterly fond of his published titles. Books, for me, are simply products that generate a great deal of enthusiasm and which can be marketed in every possible place. So came our international book business to light a few years ago – certainly not always very conformist, but always a nose length ahead of others. My fellow German from the self-declared land of poets, philosophers and books often found it hard to understand, but never did that obstruct the momentum of my entrepreneurship.

*Arteriosclerosis Subclínica y

Attentive and flexible, editors give a response in a real time, always looking for options and solutions. They are a true paradigm in a world, where reality is complex and tasks are full of obstacles and limitations. There are few people willing to help. I should emphasize I am an author from a country labeled as "emerging" with economic issues and with difficult access to publish in a high impact English-language journals. In my case this opportunity has been twice as valuable.

The publication process of my book was very fast and I was very happy. I decided to publish with EAE because I am very satisfied with a previous publication.

*Vivencias de Fe*

I am pleased to share with you my experience with OmniScriptum and the publication of my book Vivencia de Fe. From the beginning, the proposal they made to me was versatile and personalized, taking into account my suggestions in the context of a fluid cooperation and in very professional manner. The work method is simple and adapted to the author- being able to find simple and direct indications to facilitate a quick edition of my book. I found the marketing offers attractive. The fact the book appeared on Amazon was also important.

The process was quick and simple. I have already recommended the publishing house to the other colleagues. I published with EAE for the ease of editing scientific texts in Spanish.
